

3 YEAR HEALTH GUARANTEE

1. The purchaser must have the puppy examined by a licensed veterinarian within 48 hours of arrival or collection. We do, however, recommend you get the puppy to a veterinarian as soon as possibly convenient within the time frame.
2. Homestead Puppies must be informed immediately of the examination results. Once your puppy receives a clean bill of health or if there is any health findings, please email us with a copy of the vet report, to (contact@hspuppies.com.au) please note you will need to request a physical report from your vet, they won't provide this without asking. The failure of this will result in the cancellation of this guarantee.
3. If your puppy becomes unwell after it is in your care, it is imperative that you notify me as your breeder immediately. Failure to do so will result in the voiding of your contract, as timely communication is essential for the puppy's well-being. Furthermore, we reserve the right to take the puppy back into our care if necessary, in order to provide appropriate treatment and seek our own medical advice. This ensures that the puppy receives the best possible care and attention during its time of need.

Where a puppy is returned within 21 days of sale accompanied by a statement from a veterinary practitioner that must be printed on the clinic's letter head that the puppy is unacceptable due to health reasons, Homestead Puppies will take back the puppy and refund 100% of the purchase price.

4. If a puppy is diagnosed with, suffering from, dies of or is euthanised from a physical defect or disease that is traceable to the point of sale within three (3) years of purchase, Homestead Puppies will refund 100% of the purchase price where the owner provides supporting evidence from a veterinary practitioner, including test results where a suitable test is available. All test results and reports from the owner's veterinary practitioner must be provided to Homestead Puppies so that the Breeder's own veterinary practitioner can then provide a second opinion.
5. Homestead Puppies guarantees the puppy against the following 3 fatal viruses for 48 hours. These include Distemper, Parvovirus and Hepatitis. If Parvovirus is suspected in a puppy, a blood test must be performed and show a significant drop in white blood cells for confirmation of Parvovirus. In-house tests or snap tests alone will not be accepted due to the incidence of false positives.
6. Where a puppy is returned to Homestead Puppies for any reason other than an accident or illness that is not traceable to the point of sale within 3 days of sale the Breeder will refund 75% of the purchase price.

7. This guarantee does not cover umbilical hernias, cherry eye, localized mange, bladder stones, testicle problems, parasite infestation and Luxating Patella.
8. Homestead Puppies will not be responsible for veterinarian fees or costs. The purchaser is aware that owning a puppy means trips to the veterinarian and understands that he/she will be responsible for all payments. Veterinarian care including vaccines, de-worming, and heart worm treatment plus regular check-ups are all part of owning a puppy and small problems should be treated before escalating into bigger ones. The guarantee will not cover neglect or improper care by the purchaser.
9. Purchaser agrees to feed the puppy a premium dog food and not allow the puppy to become obese. The Breeder advises to keep the new puppy separate from other dogs in and out of the house until the veterinarian has given it a clean bill of health.
10. Homestead Puppies is not responsible for temperament issues as they can be caused by a lack of training, discipline or proper dog socialization which is determined by every dog's personality.
11. This contract is only valid for the original purchaser and puppy. It is not transferable.

PLEASE NOTE

Your puppy must be picked up within 7 days of the time he or she is ready to go. If your puppy is not picked up within 7 days, he or she is ready to go, the puppy will be re-listed as AVAILABLE, and the deposit will be lost.
